

Youth Circus & Gymnastics

The Gymnastics class Saturdays are from 12noon until 3pm.

Classes will continue as normal from the date stated above.

The Saturday Creative Club, starts at 2pm and end at 4pm.

Children must be aged 7+.

Learning circus skills is a great way to keep fit and active, improve co-ordination and concentration, gain confidence and make new friends. It is also cooperative, creative and a lot of fun...and who knows...one day you might even get the chance to really run away and join the circus!!

Here at The Black-E we offer professional instruction in a variety of circus skills including juggling, unicycle, diabolo, stilt walking, plate spinning, trapeze, hula hoop, aerial hoop, silks, tight wire, rope and slack line. The classes are taught in a safe and friendly environment by experienced circus artists. Our classes are open to all ages from 7 to 18 and are free of charge. We also offer gymnastic classes on Saturdays as part of The Black-E playscheme.

In addition to our weekly circus skills program we also provide regular opportunities for learning with practitioners from other circus companies in a series of exciting workshops and performance projects. Youth circus participants also have the potential to continue beyond the age of 17 by joining adult aerial classes. This can result in our students going on to perform and work professionally both in this country and abroad, or to study full time at well known specialist circus schools such as Circomedia in Bristol and Circus Space in London.
