

Welcome

The Archive offers a display of 40-plus years of cultural history. Who did what, why, when and to what effect. More than an absorbing archive: also a do-it-yourself kit to contribute to future cultural initiatives; covering events created by the Black-E as well as the work of visiting artists.

Electronic And Acoustic Music - Oct 1970

Electronic And Acoustic Music - Oct 1970

Three day residency by Colin Stiff, William Monical, and Phillip Wechsman at the Blackie in 1970.

Programme as below, laid out as we advertised it. It was a mixture of electronic and contemporary acoustic music and so is under both heads.

Help

Here we provide various ways to view, organise and filter items and events that can be found in the Archive.

Click on "Introduction" to read about the kinds of things archived in that section of the site.

Click on "Recent Updates" to view archive items ordered by the date they were added to the Archive or by when content was updated.

Click on "Alphabetical List" to sort the list of items alphabetically.

As you navigate through the site by selecting from the categories and sub-categories these lists will be filtered to contain items relevant only to that section of the site.

You may also filter the lists by using the filters provided to the right of the lists.
